GIVE ME SHELTER

DUBAI-BASED DESIGNER ALJOUJD LOOTAH'S ALAREESH FURNITURE COLLECTION IS INSPIRED BY THE 'AREESH', HUMBLE STRUCTURES MADE FROM THE DRIED FRONDS OF PALM LEAVES AND USED TO SHELTER FROM THE SUMMER HEAT. DRAWING ITS AESTHETICS FROM THIS TRADITIONAL ARCHITECTURE, THE COPPER-PLATED COLLECTION ENCOMPASSES A ROOM DIVIDER, A COFFEE TABLE, A STOOL AND A TABLE LAMP.

The legendary Venice Simplon Orient Express has three new ultra-luxurious private suites designed by Wimberly Interiors. The 'Grand Suites' take inspiration from the romantic cities through which the train travels (Paris, Venice and Istanbul) charmingly reflecting the spirit of each. The train is an icon of Art Deco design, and 1920s decor reigns, with high-gloss timber panelling, ornate marquetry and richly embroidered fabrics. It all comes together to transport passengers back to the golden age of travel.
